## OBJECTIVE

Aspiring computer science student with a passion for solving complex problems and a drive to stay ahead of the technological curve. A quick learner with strong analytical and critical thinking skills, seeking opportunities to apply my knowledge and make a meaningful impact in the field. Excited to embark on a journey of growth, collaboration, and innovation in the tech industry.

## EDUCATION

**Bachelor of Technology** , Infinity Management and Engineering College                Expected 2024
Branch : Computer Science Engineering.

**Higher Secondary Certificate** , Swami Vivekanand Higher Secondary School                2019 - 2020

## SKILLS

| | |
|---|---|
| **Technical Skills** | Java, C++. |
| **Web-technology** | HTML, CSS, JavaScript. |
| **Database** | SQL(Basic). |
| **Soft Skills** | Problem-Solving |

## EXPERIENCE

**Web Development Intern**                July 2023 - July 2023
Coding Raja Technologies                *Sagar, MP*

- Throughout the Coding Raja online internship, I adeptly undertook three frontend-focused tasks.These project involve designing intuitive user interface, implementing responsive layouts, and integrating dynamic content using HTML,CSS and JavaScript. This experience bolstered my frontend development expertise and enhance my ability to craft engaging and user-friendly web experiences.

## PROJECTS

**Spotify Clone.** Creating a static clone of a Spotify page is a web development project that involves mimicking the visual design and layout of a Spotify playlist or album page using HTML and CSS. This project helps improve frontend web development skills and showcases the ability to replicate a popular user interface.

**Portfolio Profile.** Created a dynamic portfolio website using HTML, CSS, and JavaScript to showcase personal projects and skills. The website's interactive design and user-friendly interface provide a visually appealing platform for presenting achievements and capabilities.
